📍 Nairobi, Kenya

Profile

I'm a committed and enthusiastic Mathematics and Chemistry teacher with a Bachelor of Education (Science) from Kenyatta University. I have hands-on teaching experience at reputable secondary schools, where I've demonstrated strong lesson planning, classroom management, and student mentorship skills. I am passionate about making complex concepts easy to understand and creating an engaging learning environment that supports both academic and personal growth. I am motivated, dependable, and eager to continue developing professionally while contributing positively to students' success.

Professional Experience

Mathematics and Science Teacher (Junior Secondary), Visionary School 01/2025 – Present
Nairobi, Kenya
